

STUDENT HORSE STALL RENTAL POLICY

Students enrolled in any section of the rodeo program (Rodeo Skills 5ABCD or Rodeo Production 6AB) will be permitted to rent horse stalls. Rent will be \$60.00 per covered stall and \$20.00 per uncovered stall per semester with a \$25.00 cleaning/damage deposit per stall.

All students enrolled will receive one stall, for each timed event they participate in. Additional stalls will be permitted providing all students who request stalls are provided with one.

Limits on number of stalls per student may be necessary.

Horse stalls are for horses used in practices (class). If any of the following conditions are not adhered to, students will be required to move horses off college property.

- No stallions
- One horse per stall
- Stalls are to be cleaned by hand (no large equipment or tractors)
- Horses are not to be tied to stalls
- If stall is not being used for a period of time, it must be locked
- Care, feeding and maintenance is student responsibility
- Student is responsible for maintenance of stall while leasing

Refund of deposit will require student to fill out appropriate form to be submitted to rodeo coach for approval at the end of the semester or upon leaving. Deposits will not be carried over from year to year. If a student doesn't request refund at the end of the school year, a second deposit will be required the following year. Deposit will be held if stalls are not cleaned on a regular basis or if there is excessive damage beyond normal use.

Board approval date: 5/23/92
