

Institution-Set Standards Survey

As part of the accreditation standards established by ACCJC, institutions are required to establish Institution-Set Standards (ISS) for Student Achievement in the following areas:

- Course Success Rates
- Degrees Awarded
- Certificates Awarded
- Annual Transfers to 4-Year Institutions
- Licensure Pass Rates for CTE Programs
- Job Placement Rates for CTE Programs

These Institution-Set Standards are intended to both monitor and challenge institutional performance.

This survey is designed to rate the degree to which college employees are familiar with and have engaged with these standards as well as the college data that they address.

Please respond to each question to the best of your ability. A record will be maintained indicating that you have completed the survey, but your responses will not be associated with your name.
