5.9 AS in Psychiatric Technician

- This follows along with the changes made in Program Review for prereqs. for this program.

- There was discussion regarding what is approved in the catalog and at the Chancellors office vs. what is in the current program.
- Changes need to be made before the students are admitted into the program according to R. Mayer
- There was discussion regarding students having to have an Active Certified Nursing Assistant License which is not a course, but a license. This is covered in #4
- R. Mayer gave background on the fact that the Psych Tech Department has presented the background on how this came about.
- The discussion went on to clarify that we can not expect students to have these prerequisites without them being approved at the Chancellors Office.
- The BVNT has required these prereqs. for over a year per the advertising.
- S. Shepard explained once the course and programs are approved, a Catalog Addendum must be made before any of this becomes official.
- F. Banuelos will work with Psych Tech and Registrar's office to deal with the in between Students.
