Attached is a listing of current overdue evaluations for classified and management staff through February 2017.

Reminders have been sent to management. It's possible some may be in process; however, our office has yet to receive them. If management believes there is a mistake, please have them contact me.

Any assistance is appreciated.

Becky, the following evaluations are outstanding/overdue. I am only including those that have an overdue evaluation and not ones that are currently due as the supervisors still have the remainder of the month to get me those evaluations. Let me know if you need anything else.
