The Board of Trustees is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning.

While the Board of Trustees sees its role of assessing its performance as ongoing, it sets aside time at its annual retreat to conduct a self-evaluation among its members.

The purpose of the Board self-evaluation is to identify those areas of Board functions which are working well and those which may need improvement. The Board self-evaluation speaks to the Board as a whole, not to individual trustees. It is the evaluation process of the overall effectiveness of the Board as a decision-making group.

The following process will be used:

- A self-evaluation survey will be distributed to all Board members annually.
- The completed self-evaluation survey results shall be submitted to the Chancellor's Office prior to the regularly scheduled annual Board retreat at which the self-evaluation will be discussed.
- The self-evaluation results shall be included as an agenda item for review during the Board Retreat.
